

FORWARD

Advocating for change

Forward is looking for group members regionally, with a chair, who will represent the regions to the main group, being elected by all local groups.

Regional groups will be based off old EU Parliament Boundaries.

These regions are:

- Scotland (Alba)
- North West England
- North East England
- Yorkshire & The Humber
- West Midlands
- East Midlands
- South West England
- South East England
- East of England
- Wales (Cymru)

We aim for each region to have at least 5 members before it chooses a chair, which will be elected once every year¹, via an online election.

Each local group is able to work with sub-groups in each council area, for example, to work to find the people who best fit with our core values.

¹ Unless chair: resigns/dies/vote of no confidence/is removed by the national executive.

We ask however people remember that Forward is not a political party, and we will not operate as one, but rather a group to help advocate for positive local change, by supporting the candidates which best fit our core values, which are outlined in our *Launch Pledges* document. Members can be a member of any registered political party, or movement, however they must all agree upon a local candidate they feel best matches the needs of the area, and cannot be biased by their party membership.
