

Forward Group for Change: United Kingdom
We are **not** a political party.

Pledge to the People

This Tory Government *must* go.

Make no mistake, since 2019, this Conservative government have lied to the people of Britain, locally, regionally *and* nationally. It is for this reason, Forward was setup, setup so that we can end the era of Conservative cruelty to the people.

In Councils Conservatives have failed to provide a voice for residents, seemingly sitting back on their laurels as their national party crumbled, of course, that would suggest that since the 2019 General Election, and local elections, the Conservatives have achieved something other than wasting billions on lockdowns, and importing red tape from the dictatorships of this world in imposing upon us VoterID, a system which in May we believe will cause tens of thousands to not vote, tens of thousands, which in many cases may still be willing to vote Tory, although this doesn't even come close to the degeneracy that is the will to leave the European Convention on Human Rights. Something their Ministers want to do, but can't seem to name any benefit to leaving other than Rwanda.

Change is needed, and by working collaboratively, we **can** bring forth the rise in candidates who truly represent you, who care.

The Rwandan Dream.

Again, we must not forget that this Government do not care for people and we must look no further than the atrocities which our Government seem keen to incite, shipping people off to Rwanda, people who come to this country for a better life, not, not to cause violence, rape, or drugs, but to escape hardships, to escape their struggles.

It's only natural to want the very upmost for your family, so in Sunak's Britain, why should people not be able to do that?

Braverman ‘dreams’ of sending women, men & children to Rwanda, we dream of open-mindedness, fairness, and that all people deserve compassion & respect.

How will we remove the Conservatives?

There is **no** one, or two, party solution to the removal of the Conservatives, but there is a way.

People have to be **willing** to vote for the candidate who will not only will represent their views in the Council, or Devolved Parliament, or Westminster, but for the candidates most likely to beat the Conservatives. We **cannot** vote for tiny candidates who will never beat the Conservatives, as the problem would simply continue.

Four simple steps on polling day:

Get up early, alternatively, vote by post.

Go to *forwarduk.xyz* and click 'Forward Endorsed Candidates'

Find **your** ward and vote accordingly.

Get the Conservatives **out**.
Benefit from **good, proper, representatives**

We deserve better.

By mixing your voting pattern, and voting for the **best** candidates for your ward, both by electability, integrity, and likelihood to keep the Conservatives at bay, you **will** be the reason you get good, proper, politics once again, as you do deserve.

Forward is local.

Forward was founded in August 2022 in Redcar, with the pledge of making sure that people never again had to be represented by sleaze, careerism, and infighting after the sleuth of national *shame* the Johnson Government's Downfall brought.

Forward is not one party, nor have we been paid by any given party.

Forward is a cross partisan group, made up of largely Ex-Conservatives, Liberal Democrats, Labour, and others, all seeking better representation than too many suffer. *We are not one party, we are Forward.* Vote wisely on May 4th.

What Forward stands for:

Promoting Democracy & increasing turnout

The ability to scrutinise & call out candidates and representatives

Youth Engagement with Politics, and ending disinformation in both young & old.

Free, open, debate.

Localism & supporting local issues, whilst also being supportive of national issues.

**VOTER ID IS REQUIRED IN MAY.
Alternatively, **vote by post**.**

We encourage voting by post as to make sure you are able to vote without the need for Voter ID.

Polls are open from 7am on May 4th, and close at 10pm.
